INDEPENDENT AUDITOR'S REPORT

The Board of Directors
Chesterfield Education Foundation, Inc.
Richmond, Virginia

Opinion

We have audited the accompanying financial statements of Chesterfield Education Foundation, Inc. (the "Foundation") (a nonprofit organization), which comprise the statements of financial position as of June 30, 2025 and 2024, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Chesterfield Education Foundation, Inc. as of June 30, 2025 and 2024, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Chesterfield Education Foundation, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Chesterfield Education Foundation, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Chesterfield Education Foundation, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Chesterfield Education Foundation, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying comparative schedules of activities is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2025 AND 2024

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The Chesterfield Education Foundation, Inc. (the “Foundation”) is an independent, nonprofit, community-based organization providing Chesterfield County Public Schools (“CCPS”) with additional education programs, financial resources, and support to increase student achievement and create innovation in the classroom. The Foundation is funded by federal, foundation, and corporate grants; and individual donations.

Program Descriptions

Educational Support Programs - The Foundation provides support to CCPS division-wide initiatives including early childhood education, literacy and language access, and workforce development, as well as funding teacher development, student scholarships, and school-based grants. These programs support the mission of the Foundation, which is to provide equitable educational opportunities and increase classroom innovation for CCPS students.

Summary of Significant Accounting Policies

The Foundation prepares its financial statements in accordance with accounting principles generally accepted in the United States of America for nonprofit entities. The significant accounting and reporting policies used by the Foundation are described subsequently to enhance the usefulness and understandability of the financial statements.

Fair Value Measurements

The Foundation reports fair value measures of its assets and liabilities using a three-level hierarchy that prioritizes the inputs used to measure fair value. This hierarchy, established by accounting principles generally accepted in the United States of America, requires that entities maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The asset or liability’s measurement within the fair value hierarchy is based on the lowest level of input that is significant to the measurement. As of June 30, 2025 and 2024, all investments were measured using level 1 inputs.

The three levels of inputs used to measure fair value are as follows:

- *Level 1.* Quoted prices for identical assets or liabilities in active markets to which the Foundation has access at the measurement date.
- *Level 2.* Inputs other than quoted prices included in level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets in markets that are not active;
 - observable inputs other than quoted prices for the asset or liability (for example, interest rates and yield curves); and
 - inputs derived principally from, or corroborated by, observable market data by correlation or by other means.
- *Level 3.* Unobservable inputs for the asset or liability. Unobservable inputs should be used to measure the fair value if observable inputs are not available.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Fair Value Measurements - Continued

The primary uses of fair value measures in the Foundation's financial statements are:

- initial measurement of noncash gifts, including gifts of investment assets and unconditional promises to give.
- recurring measurement of endowment and long-term investments (Note D).

The Foundation uses the following ways to determine the fair value of its investments:

Money market funds: Determined by the published NAV per unit at the end of the last trading day of the fiscal year, which is the basis for transactions at that date.

Corporate bonds: Determined using contractual cash flows and the interest rate determined by the closing bid price on the last business day of the fiscal year if the same or an obligation with a similar maturity is actively traded.

Equity securities traded on national securities exchanges: Determined by the closing price on the last business day of the fiscal year.

Open-end mutual funds: Determined by the published NAV per unit at the end of the last trading day of the fiscal year, which is the basis for transactions at that date.

Exchange-traded funds, fixed income securities, and other assets: Determined by the published closing price on the last business day of the fiscal year.

Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period and the reported amounts of assets and liabilities as of the date of the financial statements. On an ongoing basis, the Foundation's management evaluates the estimates and assumptions based upon historical experience and various other factors and circumstances. The Foundation's management believes that the estimates and assumptions are reasonable in the circumstances; however, the actual results could differ from those estimates.

Reclassifications

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements, with no effect on previously reported change in net assets.

CHESTERFIELD EDUCATION FOUNDATION, INC.

NOTES TO FINANCIAL STATEMENTS - Continued

JUNE 30, 2025 AND 2024

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Income Taxes

The Foundation is exempt from federal income taxes as defined under Section 501(c)(3) of the Internal Revenue Code. However, income from certain activities not directly related to the Foundation's tax-exempt purpose could be subject to taxation as unrelated business taxable income. In addition, the Foundation qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization other than a private foundation under Section 509(a)(2).

Uncertain Tax Positions

The accounting standard on accounting for uncertainty in income taxes addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under that guidance, the Foundation may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities based on the technical merits of the position. Examples of tax positions include the tax-exempt status of the Foundation and various positions related to the potential sources of unrelated business taxable income (UBTI). The Foundation has recognized no uncertain tax positions for the years ended June 30, 2025 and 2024.

Investment Pools

The Foundation maintains master investment accounts for its donor-restricted endowments. Pooling endowment funds for investment purposes has many benefits, including but not limited to spreading the total risk for each endowment fund and making the risk equal for all funds invested in the master investment accounts, enhancing the investment performance relative to that of an individual fund, and reducing management fees. Realized and unrealized gains and losses from securities in the master investment accounts are allocated monthly to the individual endowments based on the relationship of the fair value of each endowment to the total fair value of the master investment accounts, as adjusted for additions to or deductions from those accounts.

Classification of Transactions

All revenues and net gains are reported as increases in net assets without donor restrictions in the statement of activities unless the donor specified the use of the related resources for a particular purpose or in a future period. All expenses and net losses other than losses on endowment investments are reported as decreases in net assets without donor restrictions. Net gains on endowment investments increase net assets with donor restrictions, and net losses on endowment investments reduce that net asset class.

Cash Equivalents

Cash equivalents are short-term, interest bearing, highly liquid investments with original maturities of three months or less, unless the investments are held for meeting restrictions of a long-term or endowment nature.

Grants and Contributions Receivable/Allowance

Grants and contributions receivable are unconditional promises to give that are recognized as contributions when the promise is received. Grants and contributions receivable that are expected to be collected in less than one year are reported at net realizable value. Grants and contributions receivable that are expected to be collected in more than one year are recorded at fair value as of the date of promise.

CHESTERFIELD EDUCATION FOUNDATION, INC.

NOTES TO FINANCIAL STATEMENTS - Continued

JUNE 30, 2025 AND 2024

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Grants and Contributions Receivable/Allowance - Continued

The allowance for uncollectible contributions receivable is determined based on management's evaluation of the collectability of individual promises. Management believes that all outstanding grants and contributions receivable are collectible in full, therefore no allowance for uncollectible receivables has been provided.

The Foundation has elected to accrue federal reimbursable expenses incurred by its subrecipients in its financial statements as of June 30, 2024. For determination of single audit requirements, only reimbursable expenses approved by the pass-through agency prior to June 30, 2024 are considered. Based on these requirements, the Foundation was not required to have a single audit for the year ending June 30, 2024.

Endowment and Long-Term Investments

Endowment investments consist of investments purchased with donor-restricted perpetual endowments, which are contributions restricted by donors to investment in perpetuity with only investment income and appreciation being used to support the Foundation's activities.

Endowment investments also include investments purchased with unspent investment income and net gains on these resources.

Endowment investments are reported at fair value with changes to fair value reported as investment return in the statement of activities. Purchases and sales of investments are reported on the trade date.

The investment and spending policies for the Endowment Fund are discussed in Note E.

The Foundation is subject to the State Prudent Management of Institutional Funds Act (SPMIFA) and, thus, classifies amounts in its donor-restricted endowment funds as net assets with donor restrictions because those net assets are time restricted until the Board appropriates such amounts for expenditure. Most of those net assets also are subject to purpose restrictions that must be met before reclassifying them to net assets without donor restrictions. The Board of Chesterfield Education Foundation, Inc. has interpreted SPMIFA as not requiring the maintenance of purchasing power of the original gift amount contributed to an endowment fund, unless a donor stipulates the contrary. As a result of this interpretation, when reviewing its donor-restricted endowment funds, the Foundation considers a fund to be underwater if the fair value of the fund is less than the sum of (a) the original value of initial and subsequent gift amounts donated to the fund and (b) any accumulations to the fund that are required to be maintained in perpetuity in accordance with the direction of the applicable donor gift instrument. The Foundation has interpreted SPMIFA to permit spending from underwater funds in accordance with the prudent measures required under the law.

CHESTERFIELD EDUCATION FOUNDATION, INC.

NOTES TO FINANCIAL STATEMENTS - Continued

JUNE 30, 2025 AND 2024

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Additionally, in accordance with SPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund
2. The purposes of the Foundation and the donor-restricted endowment fund
3. General economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and the appreciation of investments
6. Other resources of the Foundation
7. The investment policies of the Foundation

Deferred Revenue

The Foundation has an annual fundraising event. The Foundation may begin collecting revenue related to the special event prior to its fiscal year-end. Any amounts received prior to year-end are recorded as deferred revenue.

Net Assets

The financial statements report net assets and changes in net assets in two classes that are based upon the existence or absence of restrictions on use that are placed by its donors, as follows:

Net Assets Without Donor Restrictions

Net assets without donor restrictions are resources available to support operations. The only limits on the use of these net assets are the broad limits resulting from the nature of the Foundation, the environment in which it operates, the purposes specified in its corporate documents and its application for tax-exempt status, and any limits resulting from contractual agreements with creditors and others that are entered into in the course of its operations.

Net Assets with Donor Restrictions

Net assets with donor restrictions are resources that are restricted by a donor for use for a particular purpose or in a particular future period. Some donor-imposed restrictions are temporary in nature, and the restriction will expire when the resources are used in accordance with the donor's instructions or when the stipulated time has passed. Other donor-imposed restrictions are perpetual in nature; the Foundation must continue to use the resources in accordance with the donor's instructions.

When a donor's restriction is satisfied, either by using the resources in the manner specified by the donor or by the passage of time, the expiration of the restriction is reported in the financial statements by reclassifying the net assets from net assets with donor restrictions to net assets without donor restrictions.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Contributions

Contributions, including unconditional promises to give, are recognized when received. All contributions are reported as increases in net assets without donor restrictions unless use of the contributed assets is specifically restricted by the donor. Amounts received that are restricted by the donor to use in future periods or for specific purposes are reported as increases in net assets with donor restrictions. Unconditional promises with payments due in future years have an implied restriction to be used in the year the payment is due, and therefore are reported as restricted until the payment is due, unless the contribution is clearly intended to support activities of the current fiscal year. Conditional promises, such as matching grants, are not recognized until they become unconditional, that is, until all conditions on which they depend are substantially met.

Gifts-in-Kind Contributions

The Foundation receives contributions in a form other than cash or investments. Most are donated supplies, which are recorded as contributions as of the date of gift and as expenses when the donated items are placed into service or distributed. If the Foundation receives a contribution of land, buildings, or equipment, the contributed asset is recognized as an asset at its estimated fair value as of the date of gift, provided that the value of the asset and its estimated useful life meets the Foundation's capitalization policy. If the Foundation has donated use of facilities, they are reported as contributions and as expenses at the estimated fair value of similar space for rent under similar conditions. If the use of the space is promised unconditionally for a period greater than one year, the contribution is reported as a contribution and an unconditional promise to give at the date of gift, and the expense is reported over the term of use.

The Foundation benefits from personal services provided by a substantial number of volunteers. Those volunteers have donated significant amounts of time and services in the Foundation's program operations and in its fundraising campaigns. However, the majority of the contributed services do not meet the criteria for recognition in financial statements. Accounting principles generally accepted in the United States of America allow recognition of contributed services only if (a) the services create or enhance nonfinancial assets or (b) the services would have been purchased if not provided by contribution, require specialized skills, and are provided by individuals possessing those skills.

Special Events

The Foundation engages in several events during the year that meet the criteria of special events according to accounting principles generally accepted in the United States of America. Special events revenue is calculated by multiplying the cost of the ticket by the number of tickets sold. Any amount received above the ticket price is considered a contribution and is included in contributions on the statement of activities. Direct benefit to donors includes all costs that directly relate to the specific event. These costs can consist of facility rental, food, entertainment, prizes, etc. All expenses incurred that do not have a direct benefit to donors are recorded as fundraising expenses on the statements of activities and functional expenses.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Expense Recognition and Allocation

The cost of providing the Foundation’s programs and other activities is summarized on a functional basis in the statement of activities and statement of functional expenses. Expenses that can be identified with a specific program or support service are charged directly to that program or support service. Costs common to multiple functions have been allocated among the various functions benefited, using a reasonable allocation method that is consistently applied. Salaries and wages, benefits, and payroll taxes are allocated based on management’s estimate of time spent on each program by key personnel.

Management and general expenses include those costs that are not directly identifiable with any specific program, but which provide for the overall support and direction of the Foundation.

Fundraising costs are expensed as incurred, even though they may result in contributions received in future years. The Foundation generally does not conduct its fundraising activities in conjunction with its other activities. In the few cases in which it does, such as when the annual report or donor acknowledgements contain requests for contributions, joint costs have been allocated between fundraising and general and administrative expenses in accordance with standards for accounting for costs of activities that include fundraising. Additionally, advertising costs are expensed as incurred.

NOTE B - LIQUIDITY

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of June 30, 2025 are:

Financial assets:	
Cash	\$ 584,956
Grants and contributions receivable	41,933
Due from related parties	36,475
Investments, long-term and endowment	1,088,503
Total financial assets	<u>1,751,867</u>
Less financial assets held to meet donor- imposed restrictions:	
Purpose restricted net assets (Note G)	692,115
Donor-restricted endowment funds (Note E)	1,074,151
Total financial assets available for general expenditures within one year	<u>\$ (14,399)</u>

To manage the funds available for general expenditure, subsequent to the date of the financial statements, the Foundation began allocating personnel expenses to restricted programs based on time spent by employees to each specific program. In addition, the Foundation is pursuing additional support without donor restrictions.

NOTE E - ENDOWMENTS

The Foundation endowments consist of eight individual funds established by donors (referred to as donor-restricted endowment funds). Donor-restricted endowment funds are to provide a perpetual source of support (referred to as perpetual endowments) for the Foundation's activities by providing grants and scholarships to support education in the Chesterfield County Public School system. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

MCD Innovation Grant Program

The MCD Innovation Grant Program encourages and supports the employees of CCPS in pioneering new instructional and operational strategies that provide students with learning opportunities beyond their normal classroom experience.

Investment Return Objectives, Risk Parameters and Strategies

The Foundation has adopted investment and spending policies, approved by the Board of Directors, for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment funds while also maintaining the purchasing power of those endowment assets over the long-term. The investment guidelines are based on an investment horizon of greater than five years and seek a long-term rate of return on assets that is at least the change in the Consumer Price Index plus 5.0%. Short-term liquidity requirements are deemed to be non-existent. Accordingly, the investment process seeks to achieve an after-cost total real rate of return, including investment income as well as capital appreciation, which exceeds the annual distribution with acceptable levels of risk. Endowment assets are invested in marketable securities.

Spending Policy

The spending policy allows for award scholarships or grants in May of each year, as follows:

- MCD Endowment - \$5,000 per proposal, 5% of fund value per year
- MCD² Endowment - \$2,500 per proposal, 5% of fund value per year
- Matthew Gwaltney Memorial Scholarship Fund - \$5,000 per year
- Gray Scholarship - \$2,500 per year (none paid in 2025 per donor's request)
- JAWS Educational Scholarship - Varying by year based upon donor instruction
- Emily Cashion Hughes Scholarship - Range of \$1,000 to \$4,000 per year based on earnings of the fund
- Denise Geiszler Memorial Scholarship - Single or multiple awards annually of at least \$500
- Jamie Accashian 'Whatever It Takes' Scholarship - \$4,444
- Nick Booth & Will Hammitt Memorial Scholarship - \$2,500

Endowment Management Fee

The Foundation charges a management fee of 5.0% on the total investment income and realized gains in restricted endowment funds.

Donor designated perpetual endowments are restricted for the following purposes as of June 30, 2025 and 2024:

	2025	2024
